The Poetry of Zen 2007-02-13 A Zen poem is nothing other than an expression of the enlightened mind, a handful of simple words that disappear beneath the moment of insight to which it bears witness. Poetry has been an essential aid to Zen Buddhist practice from the dawn of Zen—and Zen has also had a profound influence on the secular poetry of the countries in which it has flourished. Here, two of America's most renowned poets and translators provide an overview of Zen poetry from China and Japan in all its rich variety, from the earliest days to the twentieth century. Included are works by Lao Tzu, Han Shan, Li Po, Dogen Kigen, Saigyō, Bashō, Chiao Jan, Yuan Mei, Ryōkan, and many others. Hamill and Seaton provide illuminating introductions to the Chinese and Japanese sections that set the poets and their work in historical and philosophical context. Short biographies of the poets are also included.

**Baseball Haiku: The Best Haiku Ever Written about the Game Nanae Tamura 2007-04-17** Presenting more than two hundred of the greatest haiku ever written about the game. There are moments in every baseball game that make fans catch their breath: the pause while a pitcher looks in for the sign, the moment a cocksure rookie gets picked off first, or the instant a batter lashes a game-winning homer into the night sky, just before the sell-out crowd explodes onto its feet. Haiku captures these moments like no other poetic form, and Baseball Haiku captures the sights, the sounds, the smells, and the emotions of the game like no previous collection. Some of the most important haiku poets of both America and Japan are featured in this anthology; including Jack Kerouac, a longtime baseball fan who pioneered English-language haiku; Alan Pizzarelli, one of the top American haiku and senryu poets of the last thirty years; and Masaoka Shiki, one of the four great pillars of Japanese haiku—a towering figure—who was instrumental in popularizing baseball in Japan during the 1890s. With over two hundred poems spanning more than a century of ball playing, Baseball Haiku reveals the intricate ways in which this enduring and indelible sport—which is played on a field, under an open sky—has always been linked to nature and the seasons. And just as a haiku happens in a timeless now, so too does Baseball Haiku evoke those unforgettable images that capture the actions and atmospheres of the national pastime: each poem resonates like the lonely sound of cleats echoing in the tunnel as a grizzled veteran leaves his final game. The largest collection of haiku and senryu on baseball ever assembled, Baseball Haiku is an extraordinary treasure for any true baseball fan.

**The World Café Juanita Brown 2005-06-05** The World Cafe is a flexible, easy-to-use process for fostering collaborative dialogue, sharing mutual knowledge, and discovering new opportunities for action. Based on living systems thinking, this innovative approach creates dynamic networks of conversation that can catalyze an organization or community's own collective intelligence around its most important questions. Filled with stories of actual Cafe dialogues in business, education, government, and community organizations across the globe, this uniquely crafted book demonstrates how the World Cafe can be adapted to any setting or culture. Examples from such varied organizations as Hewlett-Packard, American Society for Quality, the nation of Singapore, the University of Texas, and many others, demonstrate the process in action. Along with its seven core design principles, The World Cafe offers practical tips for hosting "conversations that matter" in groups of any size—strengthening both personal relationships and people's capacity to shape the future together.

**Kinship Matters Fatemeh Ebtehaj 2006-09-15** This book is the fifth in the Cambridge Socio-Legal Group series and it concerns the evolving notions and practices of kinship in contemporary Britain and the interrelationship of kinship, law and social policy. Assembling contributions from scholars in a range of disciplines, it examines social, legal, cultural and psychological questions related to kinship. Rising rates of divorce and of alternative modes of partnership have raised questions about the care and well-being of children, while increasing longevity and mobility, together with lower birth rates and changes in our economic circumstances, have led to a reconsideration of duties and responsibilities towards the care of elderly people. In addition, globalisation trends and international flows of migrants and refugees have confronted us with alternative constructions of kinship and with the challenges of maintaining kinship ties transnationally. Finally, new developments in genetics research and the growing use of assisted reproductive technologies may raise questions about our notions of kinship and of kin rights and responsibilities. The book explores these changes from various perspectives and draws on theoretical and empirical data to describe practices of kinship in contemporary Britain.

**Why Are There So Many Banking Crises?** Jean-Charles Rochet 2009-02-09 Almost every country in the world has sophisticated systems to prevent banking crises. Yet such crises--and the massive financial and social damage they can cause--remain common throughout the world. Does deposit insurance encourage depositors and bankers to take excessive risks? Are banking regulations poorly designed? Or are banking regulators incompetent? Jean-Charles Rochet, one of the world's leading authorities on banking regulation, argues that the answer in each case is "no." In *Why Are There So Many Banking Crises?*, he makes the case that, although many banking crises are precipitated by financial deregulation and globalization, political interference often causes--and almost always exacerbates--banking crises. If, for example, political authorities are allowed to pressure banking regulators into bailing out banks that should be allowed to fail, then regulation will lack credibility and market discipline won't work. Only by insuring the independence of banking regulators, Rochet says, can market forces work and banking crises be prevented and minimized. In this important collection of essays, Rochet examines the causes of banking crises around the world in recent decades, focusing on the lender of last resort; prudential regulation and the management of risk; and solvency regulations. His proposals for reforms that could limit the frequency and severity of banking crises should interest a wide range of academic economists and those working for central and private banks and financial services authorities.

**Affective Health and Masculinities in South Africa** Hans Reihling 2020-04-24 *Affective Health and Masculinities in South Africa* explores how different masculinities modulate substance use, interpersonal violence, suicidality, and AIDS as well as recovery cross-culturally. With a focus on three male protagonists living in very distinct urban areas of Cape Town, this comparative ethnography shows that men's struggles to become invulnerable increase vulnerability. Through an analysis of masculinities as social assemblages, the study shows how affective health problems are tied to modern individualism rather than African "tradition" that has become a cliché in Eurocentric gender studies. Affective health is conceptualized as a balancing act between autonomy and connectivity that after colonialism and apartheid has become compromised through the imperative of self-reliance. This book provides a rare perspective on young men's vulnerability in everyday life that may affect the reader and spark discussion about how masculinities in relationships shape physical and psychological health. Moreover, it shows how men change in the face of distress in ways that may look different than global health and gender-transformative approaches envision. Thick descriptions of actual events over the life course make the study accessible to both graduate and undergraduate students in the social sciences. Contributing to current debates on mental health and masculinity, this volume will be of interest to scholars from various disciplines including anthropology, gender studies, African studies, psychology, and global health.

[A Letter to Tia](#) Don Landy 2013-07-11 Author Don Landy provides canine and feline pet owners with a first person look at grief and grieving in a way that may surprise you. Don Landy never expected to have a dog in his life. After falling for a German shepherd named Sabrina and spending nearly eleven years together, Landy found himself sitting on the floor holding the lifeless body of his beloved dog in his arms and sobbing uncontrollably. Reeling from the loss he vows never again to take a pet, and thereby sets himself up for the inevitable pain that most pet owners experience when the end approaches. *A Letter to Tia: Grief. Grieving. The Love, Pain and Loss of a Friend* is his personal account of coming face-to-face with grief and grieving. Pet owners of all ages will find comfort, insight, and at times humor in this reflective, life-affirming story of love and loss. *A Letter to Tia* recounts Landy's past and present struggle with the loss of pets. He starts with the death of his show cat, Charlie Brown,

twenty-five years ago and continues through to the recent diagnosis received by Tia, his German shepherd. After the previous loss of Sabrina, Landy and his wife accepted Tia into their lives with understandable trepidation. To insure they made the right move they test the relationship between Tia and their kitten Holly and discover they have become fast friends. However, when Tia is diagnosed with inoperable cancer at four years old, the author finds himself staring down the prospect of consuming sadness over the grim forecast for her survival. Landy chooses to process his grief full-on, identifying the tremendous toll that loss takes on pet owners, and how best to cope with the emotions that accompany it. With a life enriched by memories of his meaningful times with Tia, Landy's book addresses this exceptional feeling of loss, while also offering proof that miracles do happen. A moving tribute to the strong love that is forged between pets and pet owners, *A Letter to Tia: Grief. Grieving. The Love, Pain and Loss of a Friend* is sure to provide readers with a good cry, and a good laugh, as his compassionate, deeply felt, and surprising book celebrates this extraordinary bond.

Odes Sharon Olds 2016-09-20 Following the Pulitzer prize-winning collection *Stag's Leap*, Sharon Olds gives us a stunning book of odes. Opening with the powerful and tender "Ode to the Hymen," Olds addresses and embodies, in this age-old poetic form, many aspects of love and gender and sexual politics in a collection that is centered on the body and its structures and pleasures. The poems extend parts of her narrative as a daughter, mother, wife, lover, friend, and poet of conscience that will be familiar from earlier collections, each episode and memory burnished by the wisdom and grace and humor of looking back. In such poems as "Ode to My Sister," "Ode of Broken Loyalty," "Ode to My Whiteness," "Blow Job Ode," and "Ode to the Last Thirty-Eight Trees in New York City Visible from This Window," Olds treats us to an intimate examination that, like all her work, is universal, by turns searing and charming in its honesty. From the bodily joys and sorrows of childhood to the deaths of those dearest to us, Olds shapes the world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.

Golden Witchbreed Mary Gentle 2013-06-24 Orthe - half-civilized, half-barbaric, home to human-like beings who live and die by the code of the sword. Earth envoy Lynne Christie has been sent here to establish contact and to determine whether this is a world worth developing. But first Christie must come to understand that human-like is not and never can be human, and that not even Orthe's leaders can stop the spread of rumors about her, dark whisperings that could cost Christie her life. And on a goodwill tour to the outlying provinces, these evil rumors turn to deadly accusations. Christie is no offworlder, Church officials charge: she is a treacherous and cunning descendant of Orthe's legendary Golden Witchbreed - the cruel, ruthless race that once enslaved the whole planet. Suddenly, Christie finds herself a hunted fugitive on an alien world, where friend and foe alike may prove her executioners. And her only chance of survival lies in saving Orthe from a menace older than time...

308 Circuits Jan Buiting 2003 This is the ninth in the 300 series of circuit design books, again contains a wide range of circuits, tips and design ideas. The book has been divided into sections, making it easy to find related subjects in a single category. The book not only details DIY electronic circuits for home construction but also inspiring ideas for projects you may want to design from the ground up. Because software in general and microcontroller programming techniques in particular have become key aspects of modern electronics, a number of items in this book deal with these subjects only. Like its predecessors in the 300 series, "308 Circuits" covers the following disciplines and interest fields of modern electronics: test and measurement, radio and television, power supplies and battery chargers, general interest, computers and microprocessors, circuit ideas and audio and hi-fi.
