Fire in the Minds of Men James H. Billington 1980 This book traces the origins of a faith--perhaps the faith of the century. Modern revolutionaries are believers, no less committed and intense than were Christians or Muslims of an earlier era. What is new is the belief that a perfect secular order will emerge from forcible overthrow of traditional authority. This inherently implausible idea energized Europe in the nineteenth century, and became the most pronounced ideological export of the West to the rest of the world in the twentieth century. Billington is interested in revolutionaries--the innovative creators of a new tradition. His historical frame extends from the waning of the French Revolution in the late eighteenth century to the beginnings of the Russian Revolution in the early twentieth century. The theater was Europe of the industrial era; the main stage was the journalistic offices within great cities such as Paris, Berlin, London, and St. Petersburg. Billington claims with considerable evidence that revolutionary ideologies were shaped as much by the occultism and proto-romanticism of Germany as the critical rationalism of the French Enlightenment. The conversion of social theory to political practice was essentially the work of three Russian revolutions: in 1905, March 1917, and November 1917. Events in the outer rim of the European world brought discussions about revolution out of the school rooms and press rooms of Paris and Berlin into the halls of power. Despite his hard realism about the adverse practical consequences of revolutionary dogma, Billington appreciates the identity of its best sponsors, people who preached social justice transcending traditional national, ethnic, and gender boundaries. When this book originally appeared The New Republic hailed it as "remarkable, learned and lively," while The New Yorker noted that Billington "pays great attention to the lives and emotions of individuals and this makes his book absorbing." It is an invaluable work of history and contribution to our understanding of political life.

Christus Vivit Pope Francis 2019-04-04 To young Christians of the world, Pope Francis has a message for you: "Christ is alive, and he wants you to be alive!" In his fourth apostolic exhortation, Christus Vivit, Pope Francis encapsulates the work of the 2018 synod of bishops on "Young People, The Faith, and Vocational Discernment." Pope Francis has always had a special relationship with young people, and in his fatherly love for you he shows that: You can relate to young people in Scripture who made a difference You identify with the Christ who is always young You face difficult issues in the world today You yearn for the truth of the Gospel You are capable of amazing things when you respond to the Gospel You learn and grow with help from the faithful of all generations You need bold and creative youth ministry You can discover who God made you to be You are urged to pray for discernment Christus Vivit is written for and to young people, but Pope Francis also wrote it for the entire Church, because, as he says, reflecting on our young people inspires us all. "May the Holy Spirit urge you on as you run this race. The Church needs your momentum, your intuitions, your faith. We need them! And when you arrive where we have not yet reached, have the patience to wait for us."

Everyone Leads Chris Lowney 2017-04-04 Drawing on decades of leadership experience, bestselling author Chris Lowney examines the profound challenges facing the global Catholic Church, shares real-life stories of Catholics making a difference, and offers practical suggestions for change. The Catholic Church is suffering its worst decline in five centuries—a precipitous slide that will turn catastrophic unless reversed by fundamental changes in strategy, culture, and leadership style.

*Even the inspiring leadership of Pope Francis will not reverse the slide without a strategy for action, from the grassroots through the hierarchy. Chris Lowney, a former Jesuit seminarian and business executive who now chairs one of the world's largest Catholic ministries, not only outlines the challenges but also maps the path forward in *Everyone Leads*. After a bracing review of the church's global struggles—from clergy shortages to declining participation—Lowney draws on two decades of change-management experience to propose an "EASTeR" strategy of five transformational principles: be entrepreneurial, be accountable, serve, transform, and reach out. These five ideas can catalyze profound change in every parish, in how bishops think, and in the roles laypeople play in leading the church. Filled with real-life examples, *Everyone Leads* outlines strategies that anyone can employ—from the pews to the pulpit—to strengthen the church. As a former business executive who lectures globally about leadership, Lowney speaks credibly about the institution's challenges and potential. And, as chair of one of Catholicism's largest hospital systems, he writes "from within" as a Catholic who loves his church and is committed to seeing it flourish.*

Once Was Lost Don Everts 2009-08-20 Don Everts and Doug Schaupp tell the stories of postmodern people who have come to follow Jesus. They describe the factors that influence how people shift in their perspectives and become open to the Gospel. They provide practical tools to help people enter the kingdom, as well as guidelines for how new believers can live out their Christian faith.

Forming Intentional Disciples Sherry A. Weddell 2015-11-30 How can we transmit a living, personal Catholic faith to future generations? By coming to know Jesus Christ, and following him as his disciples. These are times of immense challenge and immense opportunity for the Catholic Church. Consider these statistics for the United States. Only 30 percent of Americans who were raised Catholic are still practicing. Fully 10 percent of all adults in America are ex-Catholics. The number of marriages celebrated in the Church decreased dramatically, by nearly 60 percent, between 1972 and 2010. Only 60 percent of Catholics believe in a personal God. If the Church is to reverse these trends, the evangelizers must first be evangelized—in other words, Catholics-in-the-pew must make a conscious choice to know and follow Jesus before they can draw others to him. This work of discipleship lies at the heart of *Forming Intentional Disciples*, a book designed to help Church leaders, parish staff and all Catholics transform parish life from within. Drawing upon her fifteen years of experience with the Catherine of Siena Institute, Sherry Weddell leads readers through steps that will help Catholics enter more deeply into a relationship with God and the river of apostolic creativity, charisms, and vocation that flow from that relationship for the sake of the Church and the world. Learn about the five thresholds of postmodern conversion, how to open a conversation about faith and belief, how to ask thought-provoking questions and establish an atmosphere of trust, when to tell the Great Story of Jesus, how to help someone respond to God's call to intentional discipleship, and much more. And be prepared for conversion because when life at the parish level changes, the life of the whole Church will change.

The Rebuilt Field Guide Michael White 2016-10-10 You know your Catholic parish needs to change its focus, but you're not sure where or how to begin. In *The Rebuilt Field Guide*, award-winning authors Rev. Michael White and Tom Corcoran walk you through ten essential steps for getting started with your church's reawakening. After publishing their groundbreaking book *Rebuilt* in 2013 about the rebirth of the Church of the Nativity in Timonium, Maryland, Fr. Michael White and Tom Corcoran were inundated with requests for help from other Catholic parishes about where to start. Subsequent books in the *Rebuilt Parish* series—*Tools for Rebuilding*, *Rebuilding Youth Ministry*, and *Rebuilding Your Message*—offer additional means to reach the end goal of making church matter and growing disciples by challenging the faithful and reaching the lost with the life-changing message of Jesus Christ. In the newest book in the *Rebuilt Parish* series, White and Corcoran lead you and your leadership team through assessment and goal-setting exercises and provide meeting templates that include prayer, scripture reflection, storytelling, and "rally cries" that become reminders of the change the team is striving toward. This workbook offers practical steps that will help your team set change in motion with tools including: A checklist that helps identify the real problems facing your parish and seven questions to help you prioritize them A seven-part exercise to help you decide which parish activities do not support your disciple-making mission and then make a plan to stop doing them A simple, focused demographic assessment to help you identify your own "Timonium Tim" A discussion and planning guide for moving toward great liturgical music Seven conversation starters to help your team set a course for dealing with the conflict that inevitably comes with change The exercises are adapted from those used at Church of the Nativity and correlate to the chapters of *Rebuilt*. The book will show you how to stop everything you are doing, rethink your purpose, and focus your attention on discipleship and evangelization.

Finding God in the Waves Mike McHargue 2016-09-13 A story about having faith, losing it, and finding it again through science—revealing how the latest in neuroscience, physics, and biology help us understand God, faith, and ourselves. Mike McHargue, host of *The Liturgists* and *Ask Science Mike* podcasts, understands the pain of unraveling belief. In *Finding God in the Waves*, Mike tells the story of how his Evangelical faith dissolved into atheism as he studied the Bible, a crisis that threatened his identity, his friendships, and even his marriage. Years later, Mike was standing on the shores of the Pacific Ocean when a bewildering, seemingly mystical moment motivated him to take another look. But this time, it wasn't theology or scripture that led him back to God—it was science. Full of insights about the universe, as well as deeply personal

reflections on our desire for certainty and meaning, *Finding God in the Waves* is a vital exploration of the possibility for knowing God in an age of reason, and a signpost for where the practice of faith is headed in a secular age. Among other revelations, we learn what brain scans reveal about what happens when we pray; how fundamentalism affects the psyche; and how God is revealed not only in scripture, but also in the night sky, in subatomic particles, and in us.

The Ten Greatest Revivals Ever Elmer L. Towns 2004-01-31 Over the centuries God has touched the earth with revival, lifting men and women into his presence in extraordinary ways. And in some epochs the divine hand seems to have rested on us longer and to have caused more profound changes in the church and the culture. Authors Towns and Porter have studied revival eras throughout history in order to identify the ten which seem to have been the greatest of all time. If you want to understand revival and if you long to see revival in our day, this book will speak to both your mind and your heart.

Christ + City Jon M. Dennis 2013 Over half of the world's population now lives in cities, but the gospel has not yet flourished in many important urban centers. Dennis calls Christians to reach city-dwellers through passionate proclamation and whole-life engagement.

Rebuilt Michael White 2013 When their parish reached a breaking point, Fr. Michael White and lay associate Tom Corcoran asked themselves how they could make the Church matter to Catholics, and they realized the answer was at the heart of the Gospel. Their faithful response not only tripled their weekend mass attendance, but also yielded increased giving, flourishing ministries, and a vibrant, solidly Catholic spiritual revival.

ChurchMoney Michael White 2019-09-13 The Pew Research Center recently reported that 26 percent of Catholics are giving less because of the sex abuse crisis and reports of misconduct against priests and bishops. That makes the already difficult task of raising money for churches and bishop's appeals much more challenging. Rev. Michael White and Tom Corcoran—award-winning authors of the *Rebuilt Parish* series—know from twenty years leading Church of the Nativity in Timonium, Maryland, that it's no fun working in a parish struggling to pay the bills. Without money, you can't hire staff to provide the programs you want to offer. You constantly have to beg parishioners to give. You grow frustrated and angry when they fail to respond. Does this sound familiar? In *ChurchMoney*, White and Corcoran will help you learn the basic skills you need to discover that true success in raising funds comes from the incredibly freeing approach that connects giving to discipleship. The two share their stories of success and failure. They tell us what they learned to meet the real financial challenges of their mission. They offer the practical wisdom and inspiration you need to tackle the thorny matter of raising money in your Catholic parish. White and Corcoran share the lessons, facts, habits, and great ideas they've implemented from some of the most successful and vibrant churches in the United States. *ChurchMoney* offers a proven plan for raising money in parishes. It's readily adaptable, firmly rooted in the reality of leading a Catholic parish, based on the Bible, and finessed with the best advice of communication professionals. You will read stories of embarrassing failure and exhilarating success in tripling a budget and running three extraordinarily successful capital campaigns over a ten-year period including their most recent campaign leading to the construction of \$16 million sanctuary built debt free. They have increased staff fourfold and significantly raised salaries and increased staff benefits while expanding mission outreach both locally and internationally.

Urban Apologetics Eric Mason 2021-04-06 *Urban Apologetics* examines the legitimate issues that Black communities have with Western Christianity and shows how the gospel of Jesus Christ—rather than popular, socioreligious alternatives—restores our identity. African Americans have long confronted the challenge of dignity destruction caused by white supremacy. While many have found meaning and restoration of dignity in the black church, others have found it in ethnocentric socioreligious groups and philosophies. These ideologies have grown and developed deep traction in the black community and beyond. Revisionist history, conspiracy theories, and misinformation about Jesus and Christianity are the order of the day. Many young African Americans are disinterested in Christianity and others are leaving the church in search of what these false religious ideas appear to offer, a spirituality more indigenous to their history and ethnicity. Edited by Dr. Eric Mason and featuring a top-notch lineup of contributors, *Urban Apologetics* is the first book focused entirely on cults, religious groups, and ethnocentric ideologies prevalent in the black community. The book is divided into three main parts: Discussions on the unique context for urban apologetics so that you can better understand the cultural arguments against Christianity among the Black community. Detailed information on cults, religious groups, and ethnic identity groups that many urban evangelists encounter—such as the Nation of Islam, Kemetic spirituality, African mysticism, Hebrew Israelites, Black nationalism, and atheism. Specific tools for urban apologetics and community outreach. Ultimately, *Urban Apologetics* applies the gospel to black identity to show that Jesus is the only one who can restore it. This is an essential resource to equip those doing the work of ministry and apology in urban communities with the best available information.

Lost Islamic History Firas Alkhateeb 2017 Islam has been one of the most powerful religious, social and political forces in history. Over the last 1400 years, from origins in Arabia, a succession of Muslim polities and later empires expanded to control territories and peoples that ultimately stretched from southern France to East Africa and South East Asia. Yet many of the contributions of Muslim thinkers, scientists and theologians, not to mention rulers, statesmen and soldiers, have been occluded. This book rescues from oblivion and neglect some of these personalities and institutions while offering the reader a

new narrative of this lost Islamic history. The Umayyads, Abbasids, and Ottomans feature in the story, as do Muslim Spain, the savannah kingdoms of West Africa and the Mughal Empire, along with the later European colonization of Muslim lands and the development of modern nation-states in the Muslim world. Throughout, the impact of Islamic belief on scientific advancement, social structures, and cultural development is given due prominence, and the text is complemented by portraits of key personalities, inventions and little known historical nuggets. The history of Islam and of the world's Muslims brings together diverse peoples, geographies and states, all interwoven into one narrative that begins with Muhammad and continues to this day.

The Meaning of Grace Charles Journet 1997-06 Few concepts are more important in Catholic theology than that of grace, but most adult Catholics never move beyond a schoolchild's understanding of grace. Charles Journet explores philosophy, revelation and history to explain grace fully. Journet lays out both the doctrinal development of grace and corrects persistent mistakes that Catholics make about grace. He covers habitual grace, actual grace, predestination, justification, merit, and much more. He even includes a revealing exploration of Adam's earthly paradise and how the nature of the Fall called forth God's response of grace.

Man and His Symbols Carl Gustav Jung 1964 Explores Jung's psychological concepts regarding the nature, function and importance of man's symbols as they appear on both the conscious and subconscious level

Seriously, God? Michael White 2021 "The authors of this book encourage open conversations about the genuine doubts, confusion, and seemingly contradictory assertions about the nature of God that often arise out of intense human suffering. They explore feeling denied and even betrayed by God, struggling to understand why God allows bad things to happen all around us"--

Rebuilt Michael White 2012-02-28 Drawing on the wisdom gleaned from thriving mega-churches and innovative business leaders while anchoring their vision in the Eucharistic center of Catholic faith, Fr. Michael White and lay associate Tom Corcoran present the compelling and inspiring story to how they brought their parish back to life. Rebuilt: Awakening the Faithful, Reaching the Lost, and Making Church Matter is a story of stopping everything and changing focus. When their parish reached a breaking point, White and Corcoran asked themselves how they could make the Church matter to Catholics, and they realized the answer was at the heart of the Gospel. Their faithful response not only tripled their weekend mass attendance, but also yielded increased giving, flourishing ministries, and a vibrant, solidly Catholic spiritual revival. White and Corcoran invite all Catholic leaders to share the vision, borrow their strategies, and rebuild their own parishes. They offer a wealth of guidance for anyone with the courage to hear them.

Rebuilding Youth Ministry Christopher Wesley 2015-03-06 Christopher Wesley is on the front lines of youth ministry. He's been in the parish trenches, refocusing an unpopular youth program and making it one where teens feel connected, stay involved, and grow in faith. In Rebuilding Youth Ministry, Wesley offers ten indispensable strategies to help you make your youth programs just as successful. Wesley coaches fellow Catholic ministry leaders on how to overcome common hurdles of ministering to young people. Wesley shares how he faced feelings of complacency, underestimated youth, and entertained rather than ministered in his own parish. Wesley built a distinctive program based on small group faith formation and sustained it with the assistance of more than sixty volunteer adult mentors. Wesley lays out ten strategies that helped grow participation in his high school program from nine teens to ninety and the middle school program from forty teens to eighty-five, including: Making your youth program about more than pizza; Pursuing authentic relationships between small groups and mentors; Shaping a dynamic youth ministry team; and Creating a space that's welcoming to teens.

Great Catholic Parishes William E. Simon Jr. 2016-09-23 What is really happening in the Catholic Church in North America? Are parishes thriving or dying? Is dissatisfaction among Catholics growing or are they becoming more engaged in the evangelizing mission of the Church? Businessman, professor, and philanthropist, William E. Simon Jr. has been highly influenced by the dynamic and inspiring Catholic parishes he has attended for more than 25 years. In 2012, he founded Parish Catalyst, an organization devoted to researching and supporting the health and development of Catholic parishes. Great Catholic Parishes looks at Simon's insights and the success stories of 244 vibrant parishes to show what makes them great. In 2012 and 2013, Simon and his team studied 244 Catholic parishes to determine what made them exceptional. The study found that all of the parishes shared four foundational practices that led to a profound sense of belonging within their parish communities and a deepening commitment to discipleship: Share leadership by using clergy and lay staff with the best talents and skills to direct the community Foster spiritual maturity and plan for discipleship by offering a variety of formation programs and ministry opportunities to reach parishioners at differing points in their lives Excel on Sundays by dedicating significant time, energy, and money to liturgical celebrations that parishioners and visitors find welcoming Intentionally evangelize by challenging insiders to look outward and providing service programs, social events, global mission opportunities, and pastoral care at key sacramental moments that focus on inviting outsiders to deeper relationship with Christ and the Church. In Great Catholic Parishes, Simon shares personal stories such as finding a welcoming parish home and what he learned about evangelizing from a mission trip to Kenya. Pastors from exceptional parishes offer helpful ideas, strategic advice, and practical strategies, as well as anecdotes about lay ministry development initiatives and reworking

religious education so that it is family focused and web-based. You will also learn creative solutions to familiar challenges such as spiritual stagnation among parishioners, reconciling diverse needs in the parish, allowing the pastor to focus on pastoring and preaching, and reaching youth and young adults who leave the Church in disproportionate numbers. Each chapter closes with either crucial takeaways or a summary of practical challenges that will help pastors and leaders focus on growth and excellence."

Truth Triumphant Wilkinson, Benjamin George 2015-02-23 A much neglected field of study has been opened by the research of the author into the history of the Christian church from its apostolic origins to the close of the eighteenth century. Taking as his thesis the prominence given to the Church in the Wilderness in Bible prophecy, and the fact that "the Church in the Wilderness," and not the proud hierarchy enthroned in the world's great capital, was the true church of Christ," he has spent years developing this subject. In its present form, Truth Triumphant represents much arduous research in the libraries of Europe as well as in America. Excellent ancient sources are most difficult to obtain, but the author has been successful in gaining access to many of them. To crystallize the subject matter and make the historical facts live in modern times, the author also made extensive travels throughout Europe and Asia. The doctrines of the primitive Christian church spread to Ireland, Scotland, and Wales. As grains of a mustard seed they lodged in the hearts of many Godly souls in southern France and northern Italy — people known as the Albigenses and the Waldenses. The faith of Jesus was valiantly upheld by the Church of the East. This term, as used by the author, not only includes the Syrian and Assyrian Churches, but is also the term applied to the development of apostolic Christianity throughout the lands of the East. The spirit of Christ, burning in the hearts of loyal men who would not compromise with paganism, sent them forth as missionaries to lands afar. Patrick, Columbanus, Marcos, and a host of others were missionaries to distant lands. They braved the ignorance of the barbarian, the intolerance of the apostate church leaders, and the persecution of the state in order that they might win souls to God. To unfold the dangers that were ever present in the conflict of the true church against error, to reveal the sinister working of evil and the divine strength by which men of God made truth triumphant, to challenge the Remnant Church today in its final controversy against the powers of evil, and to show the holy, unchanging message of the Bible as it has been preserved for those who will "fear God, and keep His commandments" — these are the sincere aims of the author as he presents this book to those who know the truth. The Parish in Catholic Tradition James A. Coriden 1997 "This volume," says James Coriden in his introduction, "... allows the reader to reach an accurate understanding of the authentic nature and function of parishes within the Catholic tradition." It describes the origins of parishes and their historical evolution, offers a theology of parish as a local church, links parishes to the church's social teaching and provides a comprehensive overview of their function in Roman Catholic law and their relationship to American civil law. "In clear, nontechnical language, the volume outlines the canonical status of Catholics as parishioners - as well as their rights, duties and forms of assembly and the relationship of parishes to other ecclesial and civil bodies. Ministerial students, clerical and lay ministers, members of parish councils and laypersons generally will find this book an indispensable handbook for living and working within parish communities. Christians of other denominations will make fruitful connections between their own congregational life and Roman Catholic experience."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Made for Mission Tim Glemkowski 2019-09-26 "God has created me to do him some definite service; he has committed some work to me which he has not committed to another. I have my mission." — Blessed John Henry Newman The statistics are heartbreaking. In 2007, 24 percent of Americans identified as Catholic. By 2014, that had dropped to 21 percent. The number of people who claim no religious affiliation has surpassed Catholics and evangelicals, making "nones" the largest religious group in the United States. Catholics are simply walking away from the Church. Yet there are many committed, faithful Catholics who desperately want to stem this tide. We are here, in this moment, and are called to be part of the mission, for the sake of our members, and for those who are still outside the Church. Yet while we long for this renewal, we are often at a loss as to how to accomplish it in a practical way. What steps do we take? How do we start, and how do we continue? How will we measure success — and how long will it take? In *Made for Mission: Renewing Your Parish Culture*, author and speaker Tim Glemkowski offers four keys that can radically change parish culture: Cast the vision Prioritize a clear path to discipleship Mobilize leaders Align everything Implementing these four keys over time, parishes can become not simply gathering places for worship but seedbeds of discipleship and missionary outposts of the New Evangelization. This book is a must-read for Catholic clergy, lay parish staff, anyone working in ministry, and any dedicated parishioner who is passionate about renewing the Church. The Social Mission of the U.S. Catholic Church Charles E. Curran 2010-12-20 How does the Church function in the world? What is it called to do, and what does it actually do? Charles E. Curran explores the social mission of the U.S. Catholic Church from a theological perspective, analyzing and assessing four aspects: the importance of social mission, who carries it out, how it is carried out, and the roles that the Church and individual Catholics play in supporting these efforts. In the early and mid-twentieth century the Catholic Church in the United States tended to focus its social mission on its own charities, hospitals, and schools. But the Second Vatican Council called the Church to a new understanding of social mission, deepening its involvement in and commitment to civic, social, and political life in the United States and abroad. Curran devotes particular attention to three issues that have reflected the Church's strong sense of social mission since that time: abortion, war and peace, and labor. *The Social Mission of the U.S. Catholic Church* describes the proper role of bishops, institutions, and movements in the Church, but insists that the primary role belongs to all the baptized members of the Church as they live out the social mission in their daily lives.

Is it possible to change your brain? Norman Doidge's inspiring guide to the new brain science explains all of this and more An astonishing new science called neuroplasticity is overthrowing the centuries-old notion that the human brain is immutable, and proving that it is, in fact, possible to change your brain. Psychoanalyst, Norman Doidge, M.D., traveled the country to meet both the brilliant scientists championing neuroplasticity, its healing powers, and the people whose lives they've transformed—people whose mental limitations, brain damage or brain trauma were seen as unalterable. We see a woman born with half a brain that rewired itself to work as a whole, blind people who learn to see, learning disorders cured, IQs raised, aging brains rejuvenated, stroke patients learning to speak, children with cerebral palsy learning to move with more grace, depression and anxiety disorders successfully treated, and lifelong character traits changed. Using these marvelous stories to probe mysteries of the body, emotion, love, sex, culture, and education, Dr. Doidge has written an immensely moving, inspiring book that will permanently alter the way we look at our brains, human nature, and human potential.

Democracy and Education John Dewey 1916 John Dewey's *Democracy and Education* addresses the challenge of providing quality public education in a democratic society. In this classic work Dewey calls for the complete renewal of public education, arguing for the fusion of vocational and contemplative studies in education and for the necessity of universal education for the advancement of self and society. First published in 1916, *Democracy and Education* is regarded as the seminal work on public education by one of the most important scholars of the century.

Growing an Engaged Church Albert L. Winseman 2007-03-28 *Growing an Engaged Church* offers unique, research-based, often counterintuitive solutions to the challenges facing churches today, including declining congregant participation, decreasing contributions, and slumping membership. Ministers, priests, and church boards will find the evidence and answers in this book provocative, eye-opening, and, most importantly, actionable. What if members of your congregation . . .

- were 13 times more likely to have invited someone to participate in your church in the past month?
- were three times as satisfied with their lives?
- spent more than two hours per week serving and helping others in their community?
- tripled their giving to your church?

What would your church — your parish — look like? And how would you go about creating this kind of change? One thing is certain: Church leaders are never going to inspire more people to be actively and passionately involved in their congregations by doing the same things over and over again. Pastors and lay leaders need something fresh. Something new. The last thing they need is "just another program" or to set up a laundry list of new activities for members. Based on solid research by The Gallup Organization, *Growing an Engaged Church* will appeal to both Protestant and Catholic clergy and lay leaders who are looking for a way to be the Church instead of just "doing church."
